

## SAMPLE ITINERARY BVI

Come and experience the smooth sailing, laid-back atmosphere, and attentive service. Your crew are here to make your vacation the best that you have ever had! By far the most popular charter area (and the easiest to sail) is the Virgin Islands. These Islands are more sheltered from the open ocean than other Caribbean areas, they are close to each other and there are numerous quiet and flat calm anchorages. You rarely need to sail more than an hour or two to get from one place to the next and will quite often stop somewhere for lunch and end up somewhere else for dinner. There are dozens of quiet anchorages to enjoy, many excellent spots for diving and snorkeling, a variety of shore excursions are possible, and you can always find something going on in the evening, if that's your goal.

**The following is a sample Sailing Itinerary only - every Crewed Yacht Charter will be tailor-made to YOU!**

### DAY 1:

The fun begins! Board your yacht on Tortola, BVI at noon. A brief yacht orientation will be given while you enjoy cool welcome drinks. The crew will then set sail for **Norman Island**. There are numerous snorkelling sites to explore such as 'The Caves' made famous in the Robert Louis Stevenson's novel, 'Treasure Island'. Lunch will be served aboard while you take in the beauty of the crystal-clear waters around you. Dinner will be served while watching the

glorious sunset. A short dinghy trip away awaits the 'Willie-T' (William Thornton), a floating bar and restaurant with a party atmosphere.

### DAY 2:

After a sumptuous breakfast, it's time to head towards 'The Indians' - one of the best diving and snorkelling areas in the British Virgin Islands. A popular spot where you can see a wide variety of coral and schools of blue tangs.

Sailing on to Peter Island, you will discover Deadman's Bay, an ideal spot for a picnic on the long white sandy beaches or make a splash with the water toys while keeping an eye out for the sea turtles you're sharing the azure waters with! After a day in the water, sail over to Haulover at Cooper Island to see a spectacular coastline, easily explored by kayak or paddleboard. Here, you can gaze out at another beautiful sunset whilst dining on local cuisine, and perhaps a few rum cocktails from the largest selection of Rum in the BVI!

**DAY 3:**

Today we will head to one of the most recognized place in the BVI's: **The Baths.**

This is an unique formation of large boulders, set along the beach of the southern tip of Virgin Gorda. There is a sandy path through the many huge boulders (crawl through them) or you can snorkel around them. You can hike up to the Top of the Baths restaurant and bar for refreshing drinks. We can stay in Spanish Harbour for the Night or if the weather is calm we can head over to **the Dogs** and stay there for the night in a secluded anchorage.

**DAY 4:**

In the morning we will sail to **The North Sound**, which is very protected and flat, so the perfect spot for water activities including windsurfing, water-skiing, kayaking, paddle boarding etc. Another possibility is to take a taxi to **Gorda Peak** for a nice hike climbing to the highest point on Virgin Gorda. You may wish to stop off at one of the stunning beaches before anchoring for the night in a well-protected harbour thanks to the surrounding reefs and islands including Richard Branson's Necker Island.

### DAY 5:

After morning activities, we are setting sail to **Anegada**, try your hand at sailing the yacht as this is a long but pleasant ride. Anegada, is known as 'Drowned Island' and is extremely flat. The highest point is just 28' above sea level. Surrounded by white-sand beaches, coral reefs and glistening turquoise seas, Anegada offers great snorkeling. Lunch will be served on board but leave enough room for the lobster dinner ashore that Anegada is famous for.

In the afternoon you may wish to explore ashore, see iguanas and flamingos and take a taxi to **Loblolly Bay** or you may just want to relax and either listen to music or read that book you haven't had time to pick up yet!

### DAY 6:

If you have not seen **Loblolly Bay** yet, you can visit it this morning or you can relax and explore the anchorage of Anegada. Enjoy an early lunch on the boat and then set sail towards **Guana Island**. During the afternoon you may want to snorkel at **Monkey Point** (off Guana Island) where large tarpon and turtles gather. We will continue our sail and set anchor at **Cane Garden Bay**, which is the number 1 beach of Tortola with nice bars on the beach for a fun night out.

**DAY 7:**

We are sailing north again to **Jost Van Dyke** and drop anchor at **Sandy Cay** or **Sandy Spit** (or both) to explore these beautiful unspoiled “bounty” islands. Then we are off to **White Bay**, one of the most beautiful white sandy beaches, for a nice lunch and a Painkiller at **Soggy Dollar Bar** (ask yourself why they have named it like that).

We anchor for the night in **Great Harbour**, where the world famous **Foxy's bar** will give you a night to remember. Hopefully Foxy himself is playing!

**DAY 8:**

After breakfast (with a farewell Bloody Mary or Mimosa, perhaps?), a final swim and maybe your last group picture, enjoy your last sail to Tortola, where your charter will unfortunately end. Say goodbye to your crew at noon and leave them as friends with lots of beautiful memories.....
